1. Prior to 25 June 1952, the "Fliegerhorst Kaserne in Gardelegen (M 53/Y 44) was occupied by a rear detail of about 350 soldiers including an infantry unit of about 200 soldiers. This unit organized into three groups consisting of 2 officers and 70 soldiers each daily marched to the hutment in Jaevenitz which they were working on.
  2. Prior to 25 June, the Remonteschule was occupied by a rear detail of about 30 soldiers of the engineer unit and about 50 air force personnel. On 17 June, a third radar set was emplaced in addition to the two radar sets which were previously reported.

25X1 [REDACTED] Comment. The information contained in the present report, except for the third radar set, indicates no changes over the last report [REDACTED] in late May 1952. [REDACTED] The hutment southeast of Jaevenitz probably is identical with the camp in the woods south of Hottendorf which is known from previous reports. [REDACTED]
